KINOKUNIYA BOOKSTORES

Since opening our first store in the United States in 1969, Kinokuniya Bookstores has been instrumental in introducing the customs and culture of Japan and Asia to the people of the U.S. By being a conduit for the exchange of knowledge and ideas through books, magazines, videos, CDs and tapes-we believe our company has helped build bridges of understanding between East and West. It is the objective of our company as a whole and each store individually to continue this course.

The shelves of our stores are filled with thousands of titles, in both English and Japanese, covering scores of subjects including Japanese and other Asian arts, literature, history, business and much more. Several of our stores also have become leading retailers of fiction and non-fiction by Asian American writers and often host author appearance and readings.

This 1998 catalog is a sampling of our huge inventory of Anime/Comic books and other items which we hope you will find both interesting and helpful.

Kinokuniya Bookstores is the largest Japanese bookstore chain in the U.S. It is a subsidiary of Kinokuniya Company, Ltd. which is headquartered in Tokyo and is the largest bookseller in Japan with 53 retail stores, plus institutional sales offices. The company also has stores in Australia, Indonesia, Malaysia, Singapore, Taiwan, and Thailand.

In addition to general retail operations, Kinokuniya specializes in serving educational, governmental, and commercial organizations throughout the world.
